

Global Projects Program

Example Project Selection Sheet

The following information will be used in the formation of teams for your project. Place an X along the scale to indicate your level of interest in each project. A rating of zero means “I would rather stay home in the US than do this project”; a rating of 100 indicates that “I would choose to work on this project rather than go to the beach or watch my favorite movie”. All projects must be ranked; ties are allowed. We will make every effort to assign you to one of your first three choices, but there are many constraints and some flexibility is required. **Please email this form to Prof. A (prof-email@wpi.edu) by close of business (COB, ie. 17:00) on Wednesday, December 9th.** You will be notified of your project team assignment and partners on Friday, December 11th at the final orientation meeting.
